START TO ENJOY YOUR BATHROOM SPACE
WITH **GOLSAR** PRODUCTS

GOLSAR Fars Company was put into operation in 1993 with a nominal capacity of 6000 tons equal to 430,000 pieces per year. Now due to the technical knowledge and experts power, it has been changed into one of the best manufacturers of sanitary ware in country with a production capacity of more than 1,300,000 pieces per year.

Golsar Fars Company has been changed into one of the best domestic manufacturers because of various indexes such as producing more than 130 different high quality products, employment of more than 500 expert personnel, wide domestic sales network and export markets and also high rate of customers' satisfaction.

The major policy of Golsar Fars Company is to produce higher quality products than domestic standards. Therefore it has been welcomed at different parts of the world such as Middle East, Eastern Europe countries, Western Europe and Africa. It has found required competition power with similar foreign products as well.
