Industrial projects

Sepahan Fode Dairy Factory	98
----------------------------	----

The background features a black and white architectural sketch of a building facade with a prominent red vertical stripe. The sketch uses fine lines and cross-hatching to create texture and depth, particularly in the window areas and the building's structure. The red stripe is a solid, vibrant color that runs vertically through the center of the image, partially overlapping the sketch and the text area.

Service and experience to support any project

Marjan Tile Co., with more than 30 years of experience in manufacturing ceramic coatings, using the most advanced and modern machineries in this field , has succeeded to be a very innovative company, and is proud to produce:

- Porcelain tiles in matt, polished and semi- polished finishes
- Luxury decorative tiles
- Industrial tiles including industrial Acid Resistant tiles , Alkali Resistant tiles , Anti Slip tiles
- Translucent tiles with light transmission property

These products are made in accordance with the international ISO 13006 standard in varying sizes.

According to the a.m. standard, these products can be used indoor and outdoor , in all residential, commercial, and industrial applications, such as factories, hospitals, laboratories, workshops and offices.

Thanks to the high quality of the products, they are already exported to many European and Asian countries.
